

FLY ONE

On **MAY 18** we encourage your chapter to give one adult an EAA Eagle Flight during International Learn to Fly Day. When you do, you are opening the door for their participation in aviation and your local chapter, a place where they'll have the resources and support they need to turn their dreams of flight into reality.

To order registration forms, visit **EagleFlights.org**, email **EagleFlights@eaa.org** or call **920-426-5914**.
